

*The Fourth Edition  
The Wonderful World of Cats®*

The Fourth edition of "The Wonderful World of Cats" poster came off the press July 2011 with a very limited edition of 3,000 posters offered to all cat lovers!

This is the same poster that is used by Veterinary Schools and Vet Tech programs, Animal Shelters and Animal Control Centers worldwide, and the same one you may see in your Pet Store or Professional Groomer's Shop.

The poster has no corporate logos and is considered a work of art by many feline aficionados. It has been produced in full color with 47 vibrant cat illustrations on an intentionally subdued blue/grey color background that enhances the beauty of the cat drawings. Basically stunning, fascinating and informative! Brief descriptions give country of origin, interesting legends, personality traits, body and coat type and coat/eye colors. The scope of this poster's variety of breeds is truly fascinating.
